The Monday Blues As Told By 'The Office'

Mondays are tough whether or not you work for the World's Best Boss.

WATCH NEXT

Because tomorrow is going to be a nightmare.

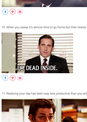
If anyone is anyone in Scranton, you have everybody seen a version of the character Michael Scott. Come back to another 'This power through the week with your eyes on the weekend, only to be stopped in the face time and time again by the cruel reality that Monday is upon you' piece. Instead, we are going to focus on the ups and downs of Mondays that simply will be wonderful. Here's to you, Monday. Do your worst huge cute little human ball.

1. It's Sunday night, so you decide to binge-watch your favorite show to cope with the fact that tomorrow is Monday.

2. That faithful moment your alarm goes off and you hear Lexie...

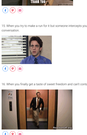
3. When all you want to do is enjoy a nice breakfast and start your day off right, but the universe says no.

4. That moment you realize all the work you forgot to do over the weekend.



5. When all your friends are side emails and full of energy but you're still a zombie.

6. That moment when you think the time thinking it's almost lunch but it's only 10:30.



7. When convince dreams to pull you for lunch but all you really wanted was some peace and quiet.

8. When you finally check your phone after an hour and expect to see tons of messages but there is absolutely nothing.

9. Getting scared when your phone does finally go off, only to find an email from Bed Bath & Beyond with a coupon for new bed sheets.

10. When you realize it's almost time to go home but then realize you still have another two and a half hours to go.

11. Realizing your day has been way less productive than you anticipated and wishing you had just stayed at home.

12. When your boss or teacher is having a worse Monday than you and decides to take it out on everybody else.

SUBMIT

13. When your friends keep begging you to hang out later but you know you've got a long week ahead of you.

14. Checking to see what time it is and realizing it's almost time to go home.

15. When you try to make a cup for it but someone interrupts you on your way to the door and tries to start up a conversation.

16. When you finally get a taste of sweet freedom and can't contain your joy.

17. When you finally turn over decide to treat yourself to a nice dinner, but of course it all goes wrong.

18. When you finally decide to just lay down and take it easy because it has been a hard day.

19. When you make up your mind to go to bed early and the universe takes this as a cue to blow your phone up with messages.

20. When you can't sleep so you decide to watch TV and then have a nonsalam mental breakdown because your DVR didn't end up finishing your interview you wanted to watch.

21. When you realize it may have been rough but you conquered yet another Monday.

Taylor Swift Is On Some New Shit On 'Folklore,' So Here Is Every Song Ranked

My tears are still ricocheting all over the place from this one.

Tori Hodgson | Aug 28, 2020

Taylor Swift dropped her eighth album, "folklore," last night at midnight and, yes, it is incredible.

Taylor doesn't do anything half-heartedly and this surprise album proves that. Since she is the CEO of reader tears and dropping hints as to when her next album will be released, this surprise announcement that her album would be released in less than 24 hours was shocking, to say the least.

Slavery Is, Never Was, And Never Will Be A 'Necessary Evil' And Tom Cotton Is Racist If He Thinks It Was

We didn't have to treat people like they weren't people.

Gage Skidmore | Flickr
Gabriella Gonzalez Collazuoal

Sen. Tom Cotton made news once again in addition to his battle against The New York Times' 1619 Project. Cotton, who is a Harvard graduate, decided to publish a piece on Twitter that said that the 1619 Project should be stripped out, as he need to teach and educate our students about slavery and the fact that it was a part of our history. However, where we differ is that he appears to think slavery was a necessary thing.

Athletes Are Kneeling Again, Here Are 5 Ways We Can Respond Better Than We Did In 2016

Protests during the national anthem are being widely revived, but we need to do better in how we respond to them this go-round.

by Grayson L. Singleton | 21h
Oklahoma State

WIVBTV / YouTube

As live sports are returning in America amidst a pandemic and a renewed fire for social change, athletes across the American sports spectrum are amplifying their voices in different ways. Nevertheless, kneeling during the playing of the national anthem is set to be the most popular form of protest throughout the, at least, the NBA and NFL, and has also made an appearance this summer at Major League Baseball contests and some NASCAR races.

This form of protest, initiated by former NFL quarterback Colin Kaepernick in 2016, was widely criticized at its conception and is still demonized by some as "disrespectful" to this day. However, since these protests are intended to raise awareness for admirable causes, here are five ways we as a country can better respond in 2020 than we did four years ago.

11 Reasons 'Folklore' May Be Taylor Swift's Best Album Yet

Not sure if I'm quite ready to let go of my dear darling "Lover" just yet, but I'm starting to get a little nervous that this new album has officially stolen my heart.

by Lauryn Smith | 28 July
University of Illinois at Urbana-Champaign

Instagram

Remember when were just hoping that she would hopefully drop "Cruel Summer" as a single? Little did we know that for the last few months while we all staring at the wall bored out of our minds, artist of the decade Taylor Swift was cooped up in her home drafting a masterpiece.

Last Friday, unexpectedly Swift dropped what is arguably the most emotional, vulnerable, and mature album yet entitled 'Folklore.' In this album, Swift steps out of her comfort zone, storytelling in a way that she has never done before. 'Folklore' is her eighth album, and it's just as far beyond her most recent album 'Lover' as 'Lover' was its predecessor 'Reputation.' There is not a pop song to be found. All the music is acoustic, the tone is much more somber than what we're used to, and the songs go beyond just her own life experiences. Yet in the end, it still has that Taylor vibe written all over it, just like all her past albums have had.

15 Scenes From 'Schitt's Creek' That Prove It Deserves EVERY Single Emmy Nomination It Got

I'm not exaggerating when I said I cried.

by Jennifer Kustanovich | 14h
The State University of New York at Stony Brook

Pop Tv

"Schitt's Creek" is hilariously relatable in the most unrelatable way. If that makes no sense, just watch the first few episodes and let the humor sink in. I've been obsessed with the Rose family since Season 1 and with each new season, I get more sucked in. I even got my family to fall in love with the comedy and heartwarming character progression.

From Moira's fabulous wigs to Roland's oblivion, the show has got it all.

Among all the other outstanding Emmy nominations this year, "Schitt's Creek" deserves all of the recognition. The sixth and final season recently aired and I absolutely can't wait until it's on Netflix so I can get my fix.

The Ultimate 'Text Or Drink' Game To Spice Up Your Next Girls' Night In With Your Single Friends

Things are about to get interesting...

by Taylor Mead | 18h

Giovanna Gomes on Unsplash

Girls' nights are some of the best nights and especially while there's a pandemic, staying in and social distancing is definitely the safest option. Of course, there are only so many things you can talk about and movies you can watch before those girls' nights in get a little *boring*. So ask your single friends if they're down to spice it up a bit with a little drinking game.

What's the name of the game? "Text or Drink." Here's how it works:

5 Toxic Messages Diet Culture Preaches, And 5 Things You Can Actively Do To Change Them

Changing my mindset on diet culture, my relationship with food, and my feelings about my body one delicious meal at a time.

by Lauryn Smith | 23h
University of Illinois at Urbana-Champaign

GBarkz

Many of you know that I may be the biggest foodie to ever walk the planet. I'm constantly thinking about what my next meal consists of because I love it that much. As much joy as food has brought me in my lifetime, quite honestly there are times that I have also struggled with my relationship with food. I blame part of it to my own mental health and compulsive tendencies which I have been continuing to work through, but I also blame an even bigger part of it to the toxicity and persistence of diet culture.

Diet culture, while meant to originally encourage healthier living for all, has instead compelled people to strive for an unattainable body type and has promoted unrealistic lifestyle choices.

Sen. Cotton, I'm A Teacher, And The 1619 Project Isn't A Bad Idea If You Want To Teach History Properly

This isn't about white history, it's about teaching history properly.

by Brianna Cicero | 24 July
Aspiring Journalism Professionals

Michael Vadon / Flickr Creative Commons

Sen. Tom Cotton clearly doesn't understand history, or at least doesn't understand that white history isn't the only history in the world. Cotton just proposed a bill that opposed using federal funding for The New York Times' 1619 Project, a series of essays that aims to reframe and reshape the way history is taught in schools and frame the historical narrative around the date of August 1619 when the first slave ship arrived.
