15 Times Chandler Bing Perfectly Described Us All

Could he BE any more relatable?

By Hannah Dickinson | Feb 05, 2017
Story, Reach Journey

Unless you have been living under a rock for the past two decades, you are at least familiar, if not obsessed, with the iconic characters of Friends. Ross and Rachel, Monica and Chandler, Phoebe and Joey, and the ever-lovable Chandler Bing. Although Friends crushed the dues with its complete portrayal of apartment living in New York City, it also breezed in with perhaps one of the best sitcom characters of all time: Chandler Muriel Bing. Not only was he the funniest character on the show, but he was also the character that most of us could relate to the most. Today, looking back, it seems as though Chandler had a face, gesture, or joke for every mood, and it like to think a little piece of Chandler's unforgettable character lives within each and every one of us.

1. That time Chandler used his notorious catchphrase to express the struggles of dating.

Can't relate to the struggles of dating? Come on Chandler, you're a catch.

2. When he perfectly summed up your prospective Tinder, Twitter, or Instagram bio.

Just like a selfie-centered/selfie-obsessed and proud.

3. That time he offered advice to a friend in need.

Because, let's face it, we all need that friend.

4. When he recognized the importance of philosophical discussions.

Can you like Thou Shaught have named your mom, you are a dirty, dirty hoe

5. Or that time he was brave enough to admit his weaknesses.

Can't be that cool all the time, right?

6. When he expressed an efficient way to avoid awkward encounters.

Or maybe this method isn't exactly a honest description. Oh well, too late to change what you are now!

7. That time he was incapable of taking a decent picture.

Looks a little suspicious when you attempt to take a selfie, but no, you don't need to blame the lighting or the camera. Some days it's just really hard to be photogenic.

8. When his gym habits were a little too relatable.

No one wants to hear how their friend's resolutions anyway!

9. That time he wasn't afraid to sing as though no one was listening.

Even though people were totally listening.

10. When he was a master at communication.

Not a surprise, as Jack's Rolex is despicably fancy and we're a dying communication.

11. That time he just wanted to be in the loop.

Because we all just want to be included.

12. When he finally had the guts to speak his mind.

And you should applaud him for his honesty.

13. That time he went out on a limb and was experimental with his look.

Just like you when you practice a period hair color or high-waisted mom jeans!

14. When he didn't feel the need to establish boundaries with his best friend.

Because boundaries are overrated when it comes to friendship.

15. And finally, when he just wanted to be there for his friends.

Don't forget, we're the most dependent of people, you will make it a priority to help your friends out in every way possible.

Taylor Swift Is On Some New Shit On 'Folklore,' So Here Is Every Song Ranked

My tears are still ricocheting all over the place from this one.

By Kira Cassidy | Jul 24, 2020

Taylor Swift dropped her eighth album, "folklore," last night at midnight and, yes, it is incredible.

Taylor doesn't do anything half-hearted and this surprise album proves that. Since she is the CEO of water cooler conversation, she knows how to make a surprise album release and an announcement that her album would be released in less than 24 hours was shocking, to say the least.

Athletes Are Kneeling Again, Here Are 5 Ways We Can Respond Better Than We Did In 2016

Protests during the national anthem are being widely revived, but we need to do better in how we respond to them this go-round.

By Kaia Gibson | 3 hr
Story, Reach Journey

As free speech and returning in America amidst a pandemic and is renewed for social change, athletes are kneeling in protest of the national anthem and the injustices that are being continuously perpetuated against minorities. During the playing of the national anthem is set to be the most popular form of protest throughout the, at least, the NBA and NFL, and has also made an appearance this summer at Major League Baseball screens and in Major League Soccer.

The form of protest, initiated by former NFL quarterback Colin Kaepernick in 2016, was widely criticized at its conception and is still demonized by some as "disrespectful" to the flag. However, since these protests are being revived in the current social climate, here are five ways we as a country can better respond in 2020 than we did four years ago.

11 Reasons 'Folklore' May Be Taylor Swift's Best Album Yet

Not sure if I'm quite ready to let go of my dear darling "Lover" just yet, but I'm starting to get a little nervous that this new album has officially stolen my heart.

By Kira Cassidy | 1 hr

Remember when every pot-toking that she would hopefully drop "Court Summer" as a single? Little did we know that the last two months would be all starting in the wait-loved out of our minds, which of the decade-long fans of Taylor Swift's music, we are definitely not.

"Lover" hits, unexpectedly, hard! Angst and what is arguably the most emotional, vulnerable, and mature album yet entitled "folklore." In this album, Swift steps out of her comfort zone, storytelling in a way that she has never before. Her lyrics are more "Red" than "Lover" and her sound is more "Speak Now" than "Lover." "folklore" is "Lover" meets the postmodern "Reputation." There is not a pop song to be found. All the music is acoustic. We tune in much more somber than what we're used to, and the songs go beyond just her own life experiences. Yet in the end, it still has that Taylor vibe written all over it just like all her past albums have had.

The Ultimate 'Text Or Drink' Game To Spice Up Your Next Girls' Night In With Your Single Friends

Things are about to get interesting...

By Kira Cassidy | 2hr
Story, Reach Journey

Girls' nights are some of the best nights and especially while there's a pandemic, staying in and social distancing is definitely the safest option. Of course, there are only so many things you can talk about and gossip about before it gets a little boring. So, to spice up your girls' night a little boring, I've put your single friends if they're down to spice it up a bit with a little drinking game.

What's the name of the game? "Text or Drink." Here's how it works:

and my feelings about my body one delicious meal at a time.

Many of you know that I may be the biggest foodie to ever walk the planet. I'm constantly thinking about what my next meal consists of because I love it that much. As much joy as food has brought me in my lifetime, quite honestly there are times that I have also struggled with my relationship with food. I blame part of it to my own mental health and compulsive tendencies which I have been continuing to work through, but I also blame an even bigger part of it to the toxicity and persistence of diet culture.

Diet culture, while meant to originally encourage healthier living for all, has instead compelled people to strive for an unattainable body type and has promoted unrealistic lifestyle choices.

Sen. Cotton, I'm A Teacher, And The 1619 Project Isn't A Bad Idea If You Want To Teach History Properly

This isn't about white history, it's about teaching history properly.

Sen. Tom Cotton clearly doesn't understand history, or at least doesn't understand that white history isn't the only history in the world. Cotton just proposed a bill that opposed using federal funding for The New York Times' 1619 Project, a series of essays that aims to reframe and reshape the way history is taught in schools and frame the historical narrative around the date of August 1619 when the first slave ship arrived.

These women show us that beauty doesn't stop at a size ten.

So, it's no secret that the fashion and beauty industries are finally starting to realize that beauty doesn't begin at a size two and stop at a size ten. For the past couple of years, the fashion industry has really started to rally behind women, (and men, too), of all shapes and sizes, and for that, all of us can be eternally grateful.

With that being said, if you're anything like me, you're probably not a size two or four, and you're probably looking for some curvy Queen inspiration from someone who looks more like you do than say, Gigi Hadid. (Not that she isn't absolutely gorgeous in her own right.)
